Dear R-MWC Trustee:

Enclosed you will find two documents: "What Every Trustee Should Know" and "20 Reasons Why You Should Change Your Vote: An Analysis of the Arguments Used for Coeducation."

Preserve Educational Choice is sending these documents to you because we believe that when you voted on September 9th to adopt coeducation and "global honors" as the future for R-MWC, you didn't have access to all the information you needed. We hope that you will take the time to read these documents and change your vote.

If you have any questions about the information in the materials we've sent, please don't hesitate to contact us. Our research coordinator, Anne Yastremski, can be reached at (410) 753-2479. Our president, Ellen Reid Smith, can be reached at (512) 301-7223. You can also reach all of us at board@preserveeducationalchoice.org.

Regards,

The Board of Preserve Educational Choice
